Circular No. SIS Juwaiza/027/2019-2020 2\textsuperscript{nd} September 2019

[For Students of Grades VI to XII only]

Dear Parent

This is just a reminder request you to make use of this opportunity for your child being a part of a global initiative namely the \textit{Energy Swaraj, Gandhi Global Solar Yatra}. A circular dated on 2\textsuperscript{nd} July 2019 has already been sent to you giving details of this mega event. Please find a copy for your kind reference. Kindly encourage your ward to participate by sending AED 60/- along with your ward on or before 5\textsuperscript{th} September 2019, the charges for the Solar Study Lamp.

With every good wish,

Circular No. SIS Juwaiza/019/2019-2020 2nd July 2019

[For students of grades VI to XII only]

Dear Parent,

In the wake of the UN Secretary General Antonio Guterres, praising UAE’s effort in the renewable sector, the need for the students to be aware of the global energy crisis is of paramount importance. The idea of “Energy Swaraj” or localized energy self-sufficiency has been conceptualized in the backdrop of energy sustainability and mitigating climate change. Under this concept, the student communities are trained to generate and consume their own energy.

In order to propagate the idea of Energy Swaraj, Gandhi Global Solar Yatra (GGSY, www.ggsy.in) has been planned across the globe. The young generation, who will bear the maximum burden of climate change, has to necessarily be an integral part of this clean energy revolution.

The Manipal University plans to conduct a STUDENTS SOLAR AMBASSADOR WORKSHOP to be held on 2nd October 2019, wherein more than 1 Million students will get hands-on training in assembling the solar lamp, across the globe on a single day. This workshop will also be conducted for a proposed number of 1000 students from Sharjah Indian School who could participate at a nominal cost of AED 60/- approximately.

The benefits for students:
1. Sensitization on Climate Change and Energy Sustainability.
2. Hands-on training in solar lamp assembly.
3. Global recognition by being a part of this endeavour.
4. Certificates from IIT Bombay, India.

We would like your child to be become a part of this mega global event and become a solar ambassador.

The solar study lamp (Solar Urja Lamps - SoUL) is a lighting device which can be used as a study lamp and consists of:
1. A Solar Photovoltaic Module
2. Battery
3. LED
4. Electronic Circuit Board

The self-assembled SoUL will be retained by the student.

Please let us know about your child's participation on Wednesday, 3rd July 2019 when you meet the Class Teacher on the Open House day, for us to register with GGSY. Kindly fill the details in the acknowledgment form given below and hand over the same to the class teacher along with AED 60/-. It is important that the information about the participation of your child is informed on the day mentioned above, so as to enable the organizers to arrange for the components of the lamp.

With every good wish,

ANTHONY JOSEPH
PRINCIPAL

ACKNOWLEDGEMENT

I have received the circular dated 02/07/2019, regarding Gandhi Global Solar Yatra. I will bear the expenses for the same. Please find sent along with this an amount of AED 60/-
